January 31, 2025

Thomas P. DiMezza, Supervisor
Town of Amsterdam
283 Manny's Corners Road
Amsterdam, NY 12010

Subject: Route 30 Booster Station Improvements Project
Recommendation for Awards

Dear Supervisor DiMezza:

As you are aware, improvements to the Route 30 Booster Station are required to enhance the stations chlorination system, automation and monitoring. The Contract #1 bid package includes the components required to replace the existing chemical feed system, painting of the existing chemical room, and SCADA/control system upgrades.

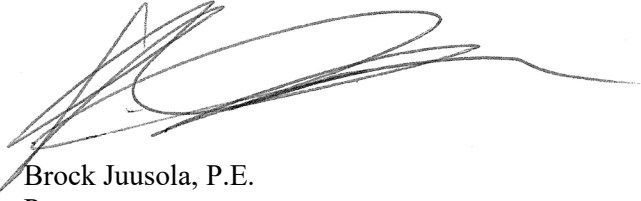

On January 15, 2025 the Town of Amsterdam received bids for the construction of this project. The bid results were as follows:

<i>Contractor</i>	<i>Bid Price (Base Bid plus Alternate)</i>
<i>Avanti Control Systems, Inc.</i>	<i>\$104,771.00</i>
<i>Flach Industries</i>	<i>\$115,875.00</i>
<i>Trinity Construction, Inc.</i>	<i>\$124,793.00</i>
<i>CFI Contracting Inc</i>	<i>\$137,200.00</i>
<i>Wm. J. Keller & Sons Construction Corp.</i>	<i>\$145,077.00</i>
<i>J Squared Construction Corp.</i>	<i>\$172,300.00</i>

The low bidder for Contract #1 is Avanti Control Systems, Inc. with a bid price of \$104,771.00. Based on the bid results received and a review of the low bidder's qualifications, Delaware Engineering is recommending that the Town of Amsterdam award Contract #1 to Avanti Control Systems, Inc for \$104,771.00.

If you have any questions regarding the bid results, bidding process or any other project issues, please to contact me at (518) 452-1290.

Sincerely,
