REVISED TOTAL COLIFORM RULE (RTCR)  
VIOLID: 2025 2037 TYPE: 3A

## PUBLIC NOTICE

AMSTERDAM (T) has been found to be in violation of the New York State Sanitary Code Drinking Water Regulations and the National Primary Drinking Water Regulations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During the 8/1/2025 to 8/31/2025 compliance period, we failed to collect and/or submit total coliform water sample results as required and therefore cannot be sure of the quality of your drinking water during that time.

Public water systems that violate drinking water standards, such as the above violation, are required to make public notification of the violation.

We are attempting to prevent further violations by ensuring that all required sampling is done in accordance with federal and state drinking water regulations.
